

Family of Christ COVID-19 Re-Open Safety Plan

Guidelines for Drive-In and Outdoor Worship

Please note that primary worship services will continue online at 9:30 am on Sundays. This outdoor worship is simply a secondary worship opportunity for those that wish to gather in person and will contain the same content. If you are uncomfortable being a part of Outdoor and Drive-In worship, please watch us online.

What we ask

- Anyone who is sick, experiencing symptoms, living with a household member who tested positive or tested positive for COVID-19 must stay home. Anyone who has tested positive may attend once released by the Minnesota Department of Health (MDH).
- If you feel you are at high risk we recommend that you stay in your car.
- Any time you are in contact with someone outside your family please practice safe social distancing and wear a mask.
- Although we hope you won't need them, restroom use is limited to one person at a time, except by individuals who live in the same household. The service will be shorter, so our hope is that you will not need restrooms.
- All participants must maintain at least a six-foot distance from others, except individuals who live in the same household.
- Face masks are strongly encouraged. We have some if you need one.
- No passing of objects or physical contact between households.

Drive-In Worshipers (listen and watch from the safety of your vehicle)

- Each household must be in a separate car (no car-pooling).
- Ushers will direct you to a parking spot.
- If you roll down any car windows, we ask that it is on the passenger side of the car. This is to maintain a safe distance between each household.

Outdoor Worshipers (gather outside in chairs or blankets with distancing)

- Family units please sit near flags on the grass or marks on the parking lot which will be 12 feet apart. Because of the 12 feet we are able to sing and say communal prayers.
- Bring your own chairs or blankets.
- Please wear a mask while outside if possible. We do have some if you do not have one.
- Please use sanitizing stations as you arrive and leave

**In case of inclement weather or extreme heat worship will continue online. Check website for cancelations.*
